

Building Consensus on What "Good" Looks Like for Credits from Tropical Forest Protection

**UN CLIMATE
CHANGE
CONFERENCE
UK 2021**

IN PARTNERSHIP WITH ITALY

Defining what "high-integrity" tropical forest credits look like is critical to mobilize finance to protect forests at a large scale, reduce emissions to the level the world needs, and support the rights of Indigenous Peoples and local communities. Participants will discuss the need for companies to accelerate action, and how companies can approach investments in high-integrity credits to ensure best outcomes for people and the planet.

3 November 2021
8:30 AM - 9:30 AM GMT
