EPA STATUS REPORT

Pursuant to this Court’s order of April 5, 2019 (Doc. No. 1781428), Respondents United States Environmental Protection Agency, et al. (EPA), hereby provide their scheduled 30-day status report.

1. This litigation involves petitions for review of an EPA rule promulgating emission guidelines for states to follow in developing implementation plans to reduce greenhouse gas emissions from power plants. 80 Fed. Reg. 64,662 (Oct. 23, 2015) (the Clean Power Plan). Oral argument was held before this Court, sitting *en banc*, on September 27, 2016.

2. The President on March 28, 2017, issued an Executive Order directing EPA to review the Clean Power Plan in accordance with certain new policies and

instructing the agency to conclude any appropriate rulemaking to repeal or revise the Rule “as soon as practicable.” 82 Fed. Reg. 16,093, 16,095. In accordance with that Executive Order, the EPA Administrator on March 28, 2017, announced EPA’s review of the Clean Power Plan, 82 Fed. Reg. 16,329, 16,329 (Apr. 4, 2017), and EPA filed a motion on March 28, 2017, to hold these cases in abeyance pending completion of EPA’s review and any resulting forthcoming rulemaking. Doc. No. 1668274.

3. By order dated April 28, 2017, this Court held the cases in abeyance for 60 days and directed EPA to file status reports at 30-day intervals from the date of the order. Doc. No. 1673071. The Court has subsequently issued six additional orders likewise holding the case in abeyance for 60-day intervals and directing EPA to file status reports at 30-day intervals. *See* August 8, 2017 Order (Doc. No. 1687838); November 9, 2017 Order (Doc. No. 1703889); March 1, 2018 Order (Doc. No. 1720228); June 26, 2018 Order (Doc. No. 1737735); December 21, 2018 Order (Doc. No. 1765562); April 5, 2019 Order (Doc. No. 1781428).

4. On June 19, 2019, EPA Administrator Andrew Wheeler signed a final rule entitled “Repeal of the Clean Power Plan; Emission Guidelines for Greenhouse Gas Emissions from Existing Electric Utility Generating Units; Revisions to Emission Guidelines Implementing Regulations” (the Affordable Clean Energy Rule or the ACE Rule). Among other things, the ACE Rule repeals the Clean Power Plan.

5. On June 20, 2019, EPA sent the ACE Rule to the Office of the Federal Register for publication and expects that it will be published very soon. EPA will further update the Court in 30 days in its next status report or at an earlier date as appropriate. EPA suggests that the Court continue to hold the proceedings in abeyance pending the next status report.

Respectfully submitted,

JONATHAN D. BRIGHTBILL
Principal Deputy Assistant Attorney General
